

SAVE THE DATE!

JOIN THE SUMMER INSTITUTE FOR THE GIFTED FOR A *Reach and Teach Workshop*

Teachers, Parents & Gifted Students are invited to a morning of problem-based learning and gifted methodology workshops.

DATE & LOCATION

Saturday, January 16, 2010 from 8:30 am – 12:30 pm at the
The Galloway School – 215 W Wieuca Rd NW • Atlanta, Georgia

WORKSHOP DETAILS

For Gifted Students of All Ages –

Funtastic Science Workshop - Experiments that fizz, ooze and spark an excitement for science are featured in this interactive science spectacular.

For Teachers and Parents of Gifted Students –

Problem-Based Learning: Authentic Curriculum for High Ability Students - Problem-Based Learning (PBL) is an ideal way for teachers to differentiate the curriculum for gifted students. PBL is particularly promising for gifted students as they can work through challenging problems in a group environment that highlights and nurtures their own individual abilities.

In this workshop, participants will learn what PBL is, see examples, share, question, and practice writing problems of their own to use with their students. Parents will learn how they can support this process as well.
