SIG Innovators Program (Ages 9-17)
Residential, Day, and Day + Evenings and Saturdays Options

SIG Investigators Program (Ages 5-12)
Full Day and Half-Day Options

Why SIG?
• **STEAM+ curriculum:** integrates all facets of STEAM with humanities and fitness
• **Engaging learning:** inspires students to discover innovative solutions for real-world problems
• **Flexible methodology:** students have the flexibility to explore their interests while gaining exposure to new topics
• **Choose from 80+ stimulating courses** including:
  - Medical Microbiology
  - Sphero™ Robotics
  - Amusement Park Physics
  - Graphic Design: Where Art Meets Technology
• **Program locations at over 15 universities and schools** around the United States

See reverse for program locations.
